BEREA AFTER-WAR Program

FOR RETURNING SOLDIERS AND OTHERS

The World Conflict of Arms is Over: that of commerce, industry, and social reform is just beginning. The flower of the manhood of America which rallied to the defense of our great nation is now returning home to follow the ordinary pursuits of peace. These returning soldiers with their enlarged vision of life will naturally become the leaders of their communities, and to do justice to themselves and their people they must be thoroughly prepared.

BEREA College

With its fixed high principles and ideals, makes this warning call to every ambitious young man and woman in the great mountain region. Berea has been one hundred per cent patriotic through the war—contributing more than one thousand students and twenty faculty members to the service—and now it is ready to enlarge and intensify its courses to meet the immediate needs of peace.

Thorough courses are given in the Foundation, Vocational, Academy, Normal & College Departments. Berea recognizes that there are splendid people in the mountains that cannot get an education in the average high priced school, and to those people a special invitation is given.

There are two important terms before this school year closes.

The Winter Term, which begins January 1st, and the Spring Term, which begins March 28th. The cost of the Winter Term, including board, room, and incidental fee is \$40. For the Spring Term, \$37.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE DRAUGHT'S

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." THE BEST COUGH MEDICINE

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Curban, Ky., says: "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

FRIDAY COURIER-JOURNAL

CHERRY INDORSED BY HIS HOME PEOPLE

Great Assembly Cheer the Noted Educator and Adopt Stirring Resolutions Endorsing His Candidacy for Governor.

A great mass meeting was held at Bowling Green on Saturday, December 28th, to endorse the candidacy of Dr. H. H. Cherry for the Democratic nomination for Governor. It was an enthusiastic meeting, and one which showed that the people of his native county, among whom he has lived and worked all his life, appreciate his qualities of life and leadership.

Dr. H. H. CHERRY, Bowling Green.

and are back of his candidacy. Mr. Morgan Hughes, a fellow-townsmen of Dr. Cherry, and a noted western Kentucky farmer, reported, as chairman of the Committee on Resolutions, the following resolutions, which were unanimously and enthusiastically adopted:

"The Democrats of Warren county, hailing from every precinct within her borders, in mass meeting assembled do hereby confidently and enthusiastically commend to the Democracy of the Commonwealth of Kentucky, the candidacy of H. H. Cherry, who seeks his party's nomination as its candidate for Governor, at the primary election to be held on August 2, 1919. Dr. Cherry was born and reared in Warren county, springing from a Christian family of hardy pioneers. Here he has spent his life. Here he has risen by his unaided efforts, from a humble farmer-lad to become the head of a great educational institution, in which the people everywhere feel a justified pride; and from here his influence for good has radiated throughout the entire State. Every forward-looking movement for the credit of the State and the welfare of the people has always had in him an earnest and effective champion. Every moral issue which has arisen has always found him on the right side. Every progressive measure which has been proposed, whether for governmental efficiency, educational expansion, agricultural betterment, or purity in politics, has always received his unflinching support. He is an earnest and life-long Democrat, who has hitherto been content to be a worker in the ranks. His excellent ability, tried through years of experience, and tested by many difficulties, is of the highest order. Personally honest, politically incorruptible, trained in the difficult work of intelligent and effective leadership, he is eminently qualified to fill the office of Governor, with credit alike to himself and to the Commonwealth. We, his fellow-county men, earnestly endorse his candidacy, and confidently bespeak for him the generous support of every Democrat everywhere throughout the entire State."

Dr. Cherry has issued a progressive program. In his announcement he states that he submits his desires to the people, and under no circumstances will he be a candidate of any political faction. He stands for perfecting the tax and road laws; for organizing the finances of the State upon a sound, equitable and just basis; for economy and efficiency in all departments of State government; for the elimination of every useless job and all forms of waste; for local, State and National prohibition; for the right of suffrage for the women of the State equally with the men; for safeguarding and promoting the rights of the laboring man; for better rural schools; for better health conditions; for a non-partisan judiciary, and, for the non-partisan management of charitable and penal institutions, free from all political influences. He also endorses reforms along other vital lines. He believes that capital should be encouraged to come within our borders; that labor should be secured and receive fair treatment and just compensation; that education should drive illiteracy from the State, and agriculture, which is the basis of our wealth, should be fostered and raised to the highest degree of efficiency. He declares that Kentucky needs more fields of alfalfa, more agricultural limestone, and other things, and less political bismuth.

If you endorse this character of a man and the principles he advocates, Dr. Cherry would value your support, and if you feel like writing him, he would greatly appreciate hearing from you.
